

Magic Cleanser

Technical data sheet
August 2014
page 1/1

- » *basic cleaner*
- » *for worn down wood and cork surfaces*
- » *intensive cleaning for table and furniture surfaces and other surfaces such as PVC, Linoleum, ceramic, tiles, natural stone*

Product characteristics:

SAICOS Magic Cleanser – the perfect solution for worn down surfaces: For intensive cleaning of all waxed, oiled or lacquered wooden and cork surfaces. Removes nicotine, grease and dirt films for example in bathroom and kitchen. Does not contain bleach. Usable with cleaning machines.

Article number:

- 8125 Magic Cleanser **Concentrate**
- 8126 Magic Cleanser **Spray** (ready-to-use)

Area of application:

Intensive cleaning of all waxed, oiled or lacquered wooden and cork surfaces. Also for all other surfaces such as PVC, Linoleum, ceramic, tiles, natural stone ... Easy removal of nicotine, grease and dirt films in bathroom and kitchen.

Limitations of use:

Do not use on untreated wood or cork surfaces as it will hamper a subsequent coating. Discolorations, caused by improper application, may occur due to their high tannin content on alkaline sensitive surfaces (f. i. oak, chestnut) (test in a hidden area).

Preparation:

Dilute *SAICOS Magic Cleanser Concentrate* 1:10 with water (for example 0,5 liter concentrate with 5 liters water).

Processing:

Spread evenly on the floor with soaked joint-wiper, wiper, cloth (or appropriate cleaning machine). Do not pour directly on the surface – do not leave pools on surface. **Leave to act for 5 – 20 min.** Retreat spots dried during that time. Remove dissolved dirt with damp joint-wiper, wiper or cloth. Wipe 2 – 3 times with clear water. Wipe dry. This procedure can be repeated if necessary. *SAICOS Magic Cleanser Spray* can be sprayed directly on the surface.

Coverage per liter:

1 liter *SAICOS Magic Cleanser Concentrate* is sufficient for approx. 11 liters of dilution.

Number of applications: 1 application, if heavily soiled 2.

Drying: Depending on weather conditions, dries like normal wet surface. (Apply an optional new coating only after complete drying.)

Easy maintenance:

Maintain surface with *SAICOS Wax Care* after complete drying (see care instructions). Sand damaged waxed / oiled wooden or cork surfaces after complete drying with green or black pad / cross grinding pad and renovate partially or completely with *SAICOS Premium Hardwax-Oil*. Please note the corresponding technical data sheet.

Cleaning tools: Wash out with plenty of water and let it dry.

Shelf life:

In closed container unlimited.
Transport and store frost-protected (> 5 °C).

Physical properties:

Density: 0.995 - 1.025 g/cm³
Odor: mild/weak, odorless when dry
Flashpoint: non-flammable

Safety notes - first aid:

Keep out of reach of children.
Do not fill into containers normally used for food and drink.
